To whom it may concern:

I write this letter of recommendation the morning after one of the most tragic school shootings in the USA has claimed the lives of 17 Florida high school students. These senseless acts of violence cause fear to ripple through schools, families and workplaces.

Fortunately, I have participated in the training provided by Officer Jedd Bradley, Owner of Mighty Oak Active Shooter Solutions, on 2 occasions. The effectiveness of Officer Bradley's training allowed me to remember the key actions that one is to take if they are ever confronted by an active shooter ( Run - Barricade - Fight). This knowledge gives me a level of confidence that I conveyed to my co-workers and to my school-aged children. Although I am saddened by the necessity to receive this training, I am grateful for the expertise and passionate knowledge that Officer Bradley conveys to the recipients of his active shooter trainings.

Officer Bradley has presented to the Green Bay chapter of the Society of Human Resource Managers (SHRM) and the Ashwaubenon Business Association meetings in 2017. In the audiences for these 2 groups were 100+ HR Managers and 80+ Business Owners, respectively. Officer Bradley used his excellent public speaking abilities to deliver a high-impact training to both of these groups. The feedback from the audience members was overwhelmingly positive – especially given the sensitivity and sadness of the topic.

Should you be seeking an expertly led, high-impact training on the topic of Active Shooter Response, I highly recommend Officer Jedd Bradley from Mighty Oak Active Shooter Solutions.

Matt Sullivan,

Express Employment Professionals of Green Bay, Owner

Ashwaubenon Business Association, President 2017-2018

SHRM Green Bay, Programing Chair 2016-2017
