To Whom It May Concern:

I am writing on behalf of Mighty Oak Active Shooter Solutions and Jedd Bradley. On October 13, 2017, I was fortunate enough to have Jedd come into my dental office with a team of 10 individuals to discuss what do we do if an Active Shooter Situation would present itself during one of our normal workdays. Fortunately, I had already scheduled Jedd before the concert shooting in Las Vegas and can only image the Demand for his services nationwide now.

I truly did not know what to expect; however, the frequency at which these events take place in today's society – it could happen anywhere. Jedd talked about some situations/things that we all never hope to face; however, we better be prepared to minimize the situation.

I cannot endorse Jedd enough and recommend that you be proactive to ultimately protect you team of employees and what you have invested so much time and energy to create. The opportunity to have a plan in place will make a huge difference in the outcome if it ever needs to be activated is worth whatever investment you need to make. Ultimately we all hope that the plan never has to be activated.

Please feel free to reach out to me personally if you have any questions or reservations. I can be reached at chad@foxviewdental.com.

Sincerely,

Chad V. Yenchesky, DDS
